

# CROSS-BORDER COOPERATION IN THE ENERGY SECTOR

## - WAY FORWARD -

#Denmark - Germany

Reducing energy consumption and shifting its generation towards renewable sources has been a declared goal of policy makers in Denmark and in Germany for many years now. While the goals are the same, implementation differs in many aspects on both sides of the border, creating opportunities to learn from each other and to get inspired by new views on certain aspects.

FURGY CLEAN Innovation as an Interreg-funded project has built bridges between various stakeholders in the border region, and launched a number of initiatives to foster innovation by connecting the right people and projects.

On the occasion of the ending of the project, we would like to share with you some of the project results that have been developed over the past four years, and to invite you to a discussion on how cross-border cooperation in this field will bring further innovation and growth into the program region.

**Interreg**  
Deutschland - Danmark

# Program

Thursday, 6th of June, 2019 from 09.30-13.00

Place: Arwos, Aabenraa Forsyningsvejen 2, 6200 Aabenraa, Denmark

- 09.30                    **Registration and welcome** by/ Peter Asmussen
- 09.45 - 10.15        **Arwos** by/ Ole Damm, CEO
- 10.15 - 11.45        **FURGY CLEAN Innovation - examples of project results**
- **Surplus Heat - Krusaa case**  
by/ Jesper Fuglsang, Udviklingsraad Soenderjylland
  - **Cold' District Heating**  
by/ David Marhauer-Nimb, Kalundborg Forsyning
  - **Foresight in SME**  
by/ Jan Cornils, WTSH
  - **Corporate Entrepreneurship in the Green Energy Sector**  
by/ Eva Strothotte, FH Kiel
  - **Innovation Boost**  
by/ Christian Boysen, CLEAN
  - **EnergyMap**  
by/ Peter Asmussen, IHK Flensburg
- 11.45 - 12.15        **Discussion**
- 12.15 - 13.00        **Light lunch and networking**

**Sign in**
